

Health & Environment Alliance
Consultant Air Quality and Health, Programme Lead - India

The Health & Environment Alliance (HEAL) currently carries out educational, health engagement and advocacy work to improve air quality in India, particularly in the city of Bengaluru.

We're looking for an enthusiastic and outgoing professional to lead on engagement of the health sector, communication on the latest science on air pollution and health, and advocacy for cleaner air, particularly around the city and national clean air action plans.

HEAL is a leading European not-for-profit organisation addressing how the environment affects health in the European Union and beyond. Our alliance brings together over 80 member organisations, representing health professionals, not-for-profit health insurers, doctors, nurses, cancer and asthma groups, citizens, women's groups, youth groups, environmental NGOs, scientists and public health institutes. Members include international and Europe-wide organisations, as well as national and local groups. (website: www.env-health.org).

Interested applicants must fulfil all of the following criteria:

- University degree preferably in public health, communications/media, environment
- At least five years relevant professional experience
- Excellent written and spoken English
- Only candidates that work exclusively within the non-profit sector will be considered to avoid potential conflict of interests with clients representing commercial interests.

We're looking for someone with:

- Existing contacts and network of Indian health and medical professionals and proven experience of coordination
- Understanding of the health arguments and evidence around air pollution and ability to quickly synthesize this information for various stakeholders
- Excellent communication, writing, and presentation skills
- Excellent interpersonal skills, self-starter, flexibility and reliability
- Willingness to travel

The contract will be awarded for work carried out January – December 2020, for 18 days a month.

The candidate will be working closely with HEAL's Director for Strategy and Campaigns and the HEAL communications team.

To apply, please send a letter of motivation and CV with the subject heading "Application Consultant Air Quality and Health India" to Anne Stauffer, email: anne@env-health.org **by 24 December 2019.**

The letter of motivation should detail why you are interested in the call, why you want to work for a public interest environmental health organization and how your skills and experience are relevant to the job.

Please note only short-listed candidates will be contacted.
