

## Health & Environment Alliance Call for Tender – Director HEAL Turkey

The Health & Environment Alliance (HEAL) currently carries out communication, educational and advocacy work to raise awareness on how environmental pollution affects health, and the benefits of strong environmental and climate legislation to prevent disease and save on healthcare cost. HEAL has been active in Turkey since 2015 specifically on preventing health harm from coal power generation and on raising awareness on the need for clean air. In 2020, HEAL will launch a new project on engaging the health sector on environment and climate concerns in the country.

We're looking for an enthusiastic and outgoing professional to support our ongoing capacity building and engagement of health groups and other stakeholders in Turkey, working with a growing team and a diverse set of activities.

*HEAL is a leading European not-for-profit organisation addressing how the environment affects health in the European Union. Our alliance brings together over 80 member organisations, representing health professionals, not-for-profit health insurers, doctors, nurses, cancer and asthma groups, citizens, women's groups, youth groups, environmental NGOs, scientists and public health institutes. Members include international and Europe-wide organisations, as well as national and local groups. (website: [www.env-health.org](http://www.env-health.org)).*

Interested applicants must fulfil all of the following criteria:

- University degree preferably in public health, environment/energy
- At least five years relevant professional experience
- Proven experience in engagement of the health sector and coordination of projects
- Native level Turkish, excellent written and spoken English
- Only candidates that work exclusively within the non-profit sector will be considered to avoid potential conflict of interests with clients representing commercial interests.

We're looking for someone with:

- Skills to coordinate and manage various deliverables under deadlines
- Understanding of the health arguments and evidence and ability to quickly synthesize this information for various stakeholders in Turkey and beyond
- Excellent communication, writing, and presentation skills
- Excellent interpersonal skills, self-starter, flexibility and reliability
- Willingness to travel

The contract will be awarded for work carried out between January – December 2020. The candidate should be based in Istanbul or Ankara, working closely with HEAL's Director for Strategy and Campaigns.

To apply, please send a letter of motivation and CV with the subject heading "Application Director HEAL Turkey" to Anne Stauffer, email: [anne@env-health.org](mailto:anne@env-health.org) by **24 December 2019**. The letter of motivation should detail why you are interested in the call, why you want to work for a public interest environmental health organization and how your skills and experience are relevant to the job.

Please note only short-listed candidates will be contacted.
